Evaluation of Transfer Credit

Transfer Credit

The Evaluations Unit in the Office of the Registrar will evaluate previous college work and test credit in relation to Cal Poly degree requirements. Admitted and matriculated transfer students will receive an email from Evaluations that their evaluation has been completed and will then be able to access their Degree Progress Report (http://www.registrar.calpoly.edu/content/Degree_Progress/degree_progress) via the Student Center on the Cal Poly Portal; they cannot access the Degree Progress Report prior to that time, nor can Evaluations provide any specific information about credit prior to that time.

Every effort is made to provide a complete Degree Progress Report (DPR), with all transfer credit reflected, prior to the date of transfer student registration in mid-August. The DPR serves as the basis for determining remaining requirements for the student's specific objectives. The Degree Progress Report is available throughout a student's Cal Poly career and should be used frequently to track progress toward the degree. More information about the Degree Progress Report can be found here: http://registrar.calpoly.edu/content/Degree_Progress/degree_progress.

While every effort is made to complete the evaluation according to the timelines outlined above, it is important that new transfer students review their previous college work in relation to the degree requirements outlined in the catalog, in order to make a tentative selection of courses for their first quarter of enrollment. Students should consult a faculty advisor in their major department or the appropriate Advising Center for assistance in the selection of courses. They should also use the “By Major” agreements on www.assist.org (http://www.assist.org/web-assist/welcome.html) for assistance with work from California community colleges. Sending final transcripts as early as possible helps expedite the process of finalizing the transfer evaluation. A delay in receipt of final transcripts will postpone the finalization of the transfer evaluation.

Some major/support courses may need to be petitioned through the student’s major department if articulation agreements are not in place in ASSIST, or if classes were taken at a private institution, a UC, or an out-of-state school. Every effort is made to extend all appropriate credit, including honoring the GE pattern of the transfer institution where possible.

Note: Transfer students with Advanced Placement or International Baccalaureate credit must have their scores sent to Cal Poly directly from the College Board or IB; notation of AP or IB exams on a college transcript is not sufficient for Cal Poly to award credit. It is recommended that students do this as soon as possible, in order for the transfer evaluation to be complete and accurate, and in order to satisfy registration prerequisites.

Semester units transferred to Cal Poly are converted to quarter units by multiplying the semester units by one and one-half; a three-unit semester class will equate to 4.5 Cal Poly units. If the Cal Poly requirement is 4 units, the excess 0.5 unit will count toward free electives.
honored. For example, if it applies work from a previous institution in an inappropriate manner. As the institution granting the bachelor’s degree, Cal Poly will make the final determination of GE certification.

Other Academic Credit

Advanced Placement (AP) Credit

Cal Poly grants credit for AP exams successfully completed through the College Board AP program. AP scores may be requested from Educational Testing Service (ETS)/AP Programs and should be sent to Cal Poly electronically. To request scores: ETS/AP Program, PO Box 6671, Princeton, NJ 08541-6671 or 609.771.7300. Cal Poly cannot accept paper score reports which have been opened by the student. Notation of Advanced Placement on high school transcripts is not sufficient; official scores must be requested from ETS.

Exams passed with a score of 3 or higher result in nine (9) quarter units of credit, except where otherwise noted on the credit matrix. All credit is given on a credit/no credit basis; units do not calculate into the GPA. Credit may vary from year to year, as Cal Poly requirements and AP Exams change. AP credit matrices, published annually in April, are available on the Office of the Registrar web-site: http://registrar.calpoly.edu/content/Degree_Progress/other_ac_credit

Please refer to the matrix for the specific year the exam was taken; credit is always extended based on the year of the exam. To determine credit for combined exams, use the matrix for the year of the last exam taken.

International Baccalaureate (IB) Exam Credit

The International Baccalaureate Diploma shall be considered in lieu of a high school diploma for admission to the University.

The International Baccalaureate transcript is required to receive University credit; the diploma is not sufficient. IB transcripts may be requested from IB North America by email: transcripts.ibna@ibo.org, or by phone: (212) 696-4464.

Credit is awarded for classes at the Higher level. No credit is extended for Standard level exams.

All credit is given on a credit/no credit basis; units do not calculate into the GPA.

For each Higher Level exam score of 5 or higher, a maximum of 8 units of credit is awarded.

IB credit matrices, published annually in April, are available on the Office of the Registrar website: http://registrar.calpoly.edu/content/Degree_Progress/other_ac_credit

Please refer to the matrix for the specific year the exam was taken; credit is always extended based on the year of the exam.

Credit for Non-collegiate Instruction

Cal Poly grants undergraduate degree credit for successful completion of non-collegiate instruction, either military or civilian, appropriate to the baccalaureate, which has been recommended by the Commission on Educational Credit and Credentials of the American Council on Education. The number of units allowed are those recommended in the Guide to the Evaluation of Educational Experience in the Armed Services and the National Guide to Educational Credit for Training Programs.

Credit for Military Service

Nine quarter units of elective credit are allowed toward graduation to any student submitting evidence of satisfactory completion of basic training in the military service of the United States. Cal Poly requires the DD-214 form to extend credit. 4 units satisfy GE Area D4 (CSU Area E), and 5 units are elective credit. Credit is allowed in accordance with the recommendations by the Commission on Educational Credit and Credentials of the American Council on Education. The numbers of units allowed are those recommended in the Guide to the Evaluation of Educational Experience in the Armed Services. Credit is not given for college level General Educational Development Tests. No grade points are assigned in connection with units of credit allowed for military service. The units allowed are not included in scholarship computations.

CLEP Exam Credit

Cal Poly grants credit to those students who pass examinations that have been approved for credit systemwide. These include some College Level Examination Program (CLEP) examinations.

CLEP tests acceptable for credit are:

• College Algebra-Trigonometry with a passing score of 50;
• Pre-Calculus with a passing score of 50;
• General Chemistry with a passing score of 50;
• Calculus with Elementary Functions with a passing score of 51.

4.5 quarter units of credit may be earned with an assigned grade of credit (CR), which is not included in the GPA calculation.

Credit for CLEP and other externally developed examinations is not awarded if any of the following apply:

• examination previously taken within the past year;
• equivalent degree credit or duplicate credit has already been granted;
• credit has been granted for previous coursework or for a previously completed more advanced or higher level examination.

Credit by Examination (Challenging Cal Poly Courses)

A student may challenge a course in which he or she is qualified through previous education by taking an examination developed at the campus. Credit shall be awarded to those who pass them successfully. A student may not petition for credit by examination if the student has ever been enrolled in the course. Credit shall not be awarded when credit has been granted at a level more advanced than that represented by the course.

The credit by examination option is only available to regular Cal Poly students during a term in which they are officially enrolled. The graded credit by examination petition must be received by the Office of the Registrar prior to the beginning of the term after which credit is to be granted. A fee is charged for such an exam.

The examination may include written, oral, or skills tests, or a combination of all three types, and is sufficiently comprehensive to determine that the student has essentially the same knowledge and skills as those students who successfully complete the course. The grade received is entered on the student’s permanent record. The grade may not be Credit/No Credit (CR/NC), except for courses which have CR/NC grading only. The length of the examination is consistent with the unit value of the course.
Arrangements to obtain course credit by exam may be made with the head of the department in which the course is taught. Not all Cal Poly courses are available or appropriate for credit by exam. Units of credit received through this procedure do not apply toward the residence requirements or the Cal Poly GPA for any of the degrees or credentials offered by the University. Detailed instruction for applying for credit by examination may be obtained from the Office of the Registrar.
