BA Music

Designed for the student who wants a broad education in music, the
Bachelor of Arts degree offers a balanced program of study in a wide
range of subjects. In addition to the traditional emphasis on music
theory, history, and performance, Cal Poly's program includes American
music, music of non-Western cultures, and the application of sound
design. The program provides a large number of elective courses which
allows the student to concentrate in a particular area or combine music
with other subjects.

Bachelor of Arts Degree Requirements

1. All new students will take placement examinations in piano skills,
music theory, and musicianship. Students who audition in person
for the major will take the placement exams at the time of their
audition. Students who submit a recording with their application
will be contacted by the Music Department to schedule the placement
exams during the application period. Separate auditions are required
for assignment to performing ensembles. Students who wish to take
piano, theory, or musicianship courses beyond the beginning level
must pass the appropriate placement test. Regardless of courses
taken prior to coming to Cal Poly, students are required to remedy
deficiencies before enrolling in advanced music theory or music
history courses.

2. Each music major must be enrolled in at least 6 units of music
courses each quarter, including a performance ensemble and lessons,
until curricular requirements are met. (See the Department for details
regarding appropriate ensembles and applied study policies.) Each
student enrolled in private instruction must take an applied music
jury at the end of Spring Quarter.

3. Each student is required to attend a minimum of 6 concerts per
quarter.

4. At the end of the sixth quarter of enrollment a student must take
a mid-point evaluation to verify progress and potential in music.
External transfer students must take the theory and musicianship
portions of the mid-point evaluation at the beginning of their first
quarter of enrollment; they must take performance skills (jury)
and piano proficiency exams by the end of their third quarter of
enrollment. The testing timetable for internal transfers will be
established on a case-by-case basis. The mid-point evaluation
includes the following:
   a. individual performance skills (should be at the MU 250 level;
tested through a jury)
   b. musicianship skills up through the level of Musicianship III
   c. knowledge of music theory up through the level of Theory II
   d. piano proficiency (see No. 5 below)

5. Each student must pass examinations in six areas of piano
proficiency (repertoire, sightreading, transposition, harmonization
of a melody, accompanying, score-reading) as part of the mid-point
evaluation.

6. Use of Music Department instruments, scheduled practice rooms,
electronic studio, or lockers requires a Music Use Fee. See the Music
Department Office for details.

7. It is important that each student stay closely in touch with his/her
advisor in order to progress through the music major program in the
most efficient manner.

8. The Music Department is not able to offer the full complement of
performing ensembles and private instruction during the Summer
Quarter; it is important to take this into consideration when planning
coursework for completion of the major.

A music major handbook giving complete details of the program, policies,
and forms is available from the Music Department.

Music Minor

A minor is available to students who desire documented competency
in music. An individualized curriculum (incorporating theory, history,
and performance) based on the following guidelines is developed
in consultation with a member of the music faculty. Students must
complete one academic music lecture course at Cal Poly, such as
MU 101 or MU 120, before applying for the minor. Information and
application forms for the declaration of a Music minor are available in the
Music Department Office, as well as online at www.music.calpoly.edu.
