Total units: 43
Consultation with advisor is recommended prior to selecting electives; bear in mind your selections may impact pursuit of post-baccalaureate studies and/or goals.

Excess units will be applied to 300-400 level Electives.

Excess units will be applied to Approved Electives.

Courses taken to meet a major or support requirement cannot be double-counted as an elective.

Selecting a GE course that double counts as an elective may cause an upper-division unit shortage. Take care to ensure that you have selected enough 300 and 400-level courses to meet the 60-unit Upper-Division Requirement.

Recommended for students interested in health science careers.

Maximum of 6 units may be applied toward Approved Electives from: BIO 200, BIO 300, BIO 400, BIO 450.

Maximum of 2 units may be applied toward Approved Electives from ENGR 322/SCM 302.

If BIO 461 or BIO 462 is used to meet the senior project requirement, it cannot also be counted as an elective.
