GRC Courses

GRC 101. Introduction to Graphic Communication. 3 units
Term Typically Offered: F
Graphic communication history, theory, processes, applications, and practices. New technologies that affect day-to-day communication including traditional and digital printing and publishing, and non-print imaging including Internet applications. Overview of design technology, web and digital media, printing and imaging management, graphics for packaging, industry segments. 3 lectures.

GRC 172. Introductory Applied Graphic Communication Processes. 2 units
Term Typically Offered: F, W, SP
Prerequisite: GRC 101; Graphic Communication majors and minors only.
Introduction to the application of theories and practice in University Graphic Systems as they apply to commercial printing, publication printing, digital media and graphic communication industries. 2 seminars.

GRC 200. Special Problems for Undergraduates. 1-2 units
Term Typically Offered: TBD
Prerequisite: Consent of instructor; Graphic Communication majors only.
Individual investigation, research, studies, or surveys of selected problems. Total credit limited to 4 units, with a maximum of 2 units per quarter.

GRC 201. Digital Publishing Systems. 3 units
Term Typically Offered: F, W, SP
Prerequisite: Graphic Communication majors or Liberal Arts and Engineering majors with concentration in Publishing Technology.
Introduction to web, e-publishing, and print publishing systems including hardware, software, design considerations, and file formats. Overview of print output technologies, networking, web design, and digital publishing standards. 2 lectures, 1 laboratory.

GRC 203. Digital File Preparation and Workflow. 4 units
Term Typically Offered: F, W, SP
Prerequisite: GRC 101; GRC 201, and Graphic Communication major.
Terminology and techniques used in the creation of digital files and workflow systems for print and web. Workflow options including automation, proofing, and output systems will be discussed in addition to digital file delivery and transfer. 3 lectures, 1 laboratory.

GRC 204. Introduction to Contemporary Print Management and Manufacturing. 4 units
Term Typically Offered: W, SU
Prerequisite: GRC 101; Graphic Communication majors only.
Survey of management fundamentals and components relevant to graphic communication manufacturing, production, operations, and quality. Introduction to management theory and contemporary management trends and practices in the graphic communication industry. Course may be offered in classroom-based or online format. 4 lectures.

GRC 211. Substrates, Inks and Toners. 4 units
Term Typically Offered: F, W
Prerequisite: GRC 101; Graphic Communication majors or Liberal Arts and Engineering majors with concentration in Publishing Technology.
Technical aspects of paper, other substrates, inks, toners, and other printable materials used in the printing and packaging industries. Manufacture, application and interaction of these materials in relation to particular processes and end use requirements. Hands-on testing of materials in relation to quality, properties, and performance. 3 lectures, 1 laboratory.

GRC 212. Substrates, Inks and Toners: Theory. 3 units
Term Typically Offered: F, W
Prerequisite: GRC 101 and GRC minors only.
Technical aspects of paper, other substrates, inks, toners and other printable materials used in the printing and packaging industries. Manufacture, application, and interaction of these materials in relation to particular processes and end use requirements. Credit not allowed for GRC majors. 3 lectures.

GRC 220. Introduction to Applied Social Media in Graphic Communication. 2 units
Term Typically Offered: F, W, SP
Prerequisite: GRC 101; major or minor in GRC.
Practical application of social media tools used in the Graphic Communication industry. Students prepare social media marketing campaigns that require research, design, writing, and elementary analytics. Total credit limited to 6 units. 2 lectures.

GRC 270. Selected Topics. 1-4 units
Term Typically Offered: TBD
Prerequisite: Open to undergraduate students and consent of instructor; Graphic Communication majors only.
Directed group study of selected topics. The Schedule of Classes will list title selected. Total credit limited to 8 units. 1 to 4 lectures.

GRC 301. Digital Photography and Color Management. 4 units
Term Typically Offered: F, W, SP
Prerequisite: GRC 203. Replaces GRC 202.
Digital photography for print and web, including lighting, exposure, composition, and photo retouching. Color measurement and the application of color management and quality assessment in the graphic communication industry. 3 lectures, 1 laboratory.

GRC 316. Flexographic Printing Technology. 3 units
Term Typically Offered: F, W
Prerequisite: GRC 211; Graphic Communication majors only.
Flexographic printing technology for flexible packaging, label printing, folding and corrugated cartons. Optimization of file preparation, plate imaging, and equipment settings. Specification and management of automated workflows. 2 lectures, 1 laboratory.
GRC 318. Digital Typography for Print and Web. 4 units
Term Typically Offered: F, W
Prerequisite: Junior standing; GRC 203; and GRC 301. Replaces GRC 218.

Application of typography using current software tools for print, web and
digital publishing. In-depth study of communication principles and visual
organization. Font technology and management for the creative, print and
web publishing industries. 3 lectures, 1 laboratory.

GRC 320. Managing Quality in Graphic Communication. 4 units
Term Typically Offered: F, W
Prerequisite: GRC 328 and STAT 217; Graphic Communication majors
only.

Theory and practices of quality management in the graphic
communication industry. Quantifying customer expectations,
specifications, standard operating procedures, SPC tools, and employee
empowerment. Principles of Lean Management, Six Sigma, ISO, and
Malcolm Baldrige. 3 lectures, 1 laboratory.

GRC 322. Advanced Digital Typography. 3 units
Term Typically Offered: F
Prerequisite: GRC 218; Graphic Communication majors only.

Advanced typographic principles relating to print and electronic media.
Page layout and font management with consideration for electronic
media. Applied problems focusing on typographic design, typographic
application and file preparation, including web typography and eBook
creation. 2 lectures, 1 laboratory.

GRC 324. Binding and Finishing Processes. 1 unit
Term Typically Offered: F, W, SP
Prerequisite: GRC 101; Graphic Communication majors and minors only.

Imposition techniques, cutting, and folding. Stitch, case and perfect
binding techniques and applications. Operational and aesthetic uses of
die cutting, scoring, creasing, foil stamping and embossing techniques. 1
laboratory.

GRC 328. Offset Printing Technology. 4 units
Term Typically Offered: F, SP
Prerequisite: GRC 211 or GRC 212 and Graphic Communication majors
only.

Offset printing and plate technology for commercial, publication,
packaging and reprographic segments of the printing industry. Press
configurations, materials, computerized press controls, workflow,
pressroom management, coating and quality control. Folding structures,
plate types, quality, and new technologies for offset printing. 3 lectures, 1
laboratory.

GRC 329. Printed Electronics. 3 units
Term Typically Offered: F
Prerequisite: GRC 328.

Introduction to printed electronics products, markets and technologies. Emphasis on printed and hybrid flexible electronics for functional and
novel applications including marketing, packaging, displays, wearable
and stretchable products. Various production methods with emphasis on
gravure printing. 2 lectures, 1 laboratory.

GRC 331. Color Management and Quality Analysis. 4 units
Term Typically Offered: W
Prerequisite: Completion of GE Area B3 and either ART 182 or GRC 202.

The physics, psychology, measurement, analysis and management of
color for print and electronic documents, including web sites. Practical
application of color correction, color proofing, and production workflows
that ensure the best possible color reproduction. 3 lectures, 1 activity.

GRC 337. Consumer Packaging. 3 units
Term Typically Offered: F, W
Prerequisite: GRC 301.

Problem-solving strategies for package printing that integrate concepts
from marketing, design and technology. Package manufacturing,
function, quality, visual appeal, sustainability, and economics are
addressed. 2 lectures, 1 laboratory.

GRC 338. Web Development and Content Management. 4 units
Term Typically Offered: W, SP
Prerequisite: GRC 318 or GRC 218.

Web development production techniques including creating, repurposing,
and managing assets for web publishing. Digital content management for
tablet and mobile device publishing. 3 lectures, 1 laboratory.

GRC 339. Web Design and Production. 4 units
Term Typically Offered: F, SP
Prerequisite: GRC 338; Graphic Communication majors only.

Advanced design and production techniques for web development.
Current software applications and technologies for user interface design,
site structure and information architecture. 3 lectures, 1 laboratory.

GRC 357. Specialty Printing Technologies. 3 units
Term Typically Offered: F
Prerequisite: GRC 301; Graphic Communication majors only.

Specialty printing and imaging technologies used in fabric decorating,
decals for marketing, industrial, and functional printing, security printing
and various forms of packaging. Printing on various materials using
special processes including screen printing, pad printing, sublimation
printing, digital imaging, and post print finishing. 2 lectures, 1 laboratory.

GRC 361. Marketing and Sales Management for Print and Digital Media. 4
units
Term Typically Offered: F, SP
Prerequisite: GRC 101 and GRC 204; Graphic Communication majors only.

Identification and development of target markets for products
and services in the graphic communication industry. Deployment
of strategies in pricing, promotion and distribution management.
Application of customer relationship management techniques for
personal selling, forecasting and planning. 3 lectures, 1 laboratory.

GRC 372. Applied Graphic Communication Practices. 2 units
Term Typically Offered: F, W, SP
Prerequisite: GRC 101 and GRC 172; Graphic Communication majors only.

Application of theories and practices to University Graphic Systems as
they apply to commercial printing, publication printing, digital media and
graphic communication industries. Major credit limited to 2 units; total
credit limited to 12 units. 2 seminars.

</tbody>
</table>
GRC 451. Management Topics in Graphic Communication. 3 units
Term Typically Offered: TBD
Prerequisite: GRC 203; Graphic Communication majors and minors only.

Current trends and practices in select graphic communication management topics. Open to undergraduate and graduate students. The Schedule of Classes will list topic selected. Total credit limited to 12 units. 3 lectures.

GRC 452. Emerging Technologies in Graphic Communication. 3 units
Term Typically Offered: TBD
Prerequisite: GRC 203.

Current trends and practices in select graphic communication emerging digital topics. Open to undergraduate and graduate students. The Schedule of Classes will list topic selected. Total credit limited to 12 units. 3 lectures.

GRC 453. Design Reproduction Topics in Graphic Communication. 3 units
Term Typically Offered: TBD
Prerequisite: GRC 203.

Current trends and practices in select graphic communication design reproduction topics. Open to undergraduate and graduate students. The Schedule of Classes will list topic selected. Total credit limited to 12 units. 3 lectures.

GRC 461. Senior Project - Independent Study. 1-3 units
Term Typically Offered: TBD
Prerequisite: Senior standing; Graphic communication major; completion of GWR; and STAT 217 and consent of instructor.

Students will engage in collaborative projects in other disciplines without the constraint of a single quarter schedule. Formal presentation and report required. Minimum 90 hours of time. Total credit limited to 3 units.

GRC 462. Senior Project. 3 units
Term Typically Offered: F, W, SP
Prerequisite: Senior standing; Graphic communication major; completion of GWR; and STAT 217 and consent of instructor.

Selection and completion of a culminating project. Projects typical of problems that graduates must solve in their fields of employment. Project results presented in formal report and presentation. 1 lecture, 2 activities.

GRC 463. Senior Project - Applied Practices. 1-3 units
Term Typically Offered: F, W, SP
Prerequisite: Senior standing; Graphic communication major; completion of GWR; and STAT 217 and consent of instructor.

Opportunities in individual or group-based projects in Graphic Communication competitions and/or sponsored projects. Formal presentation and report required. 30 hours per unit. Total credit limited to 3 units. 1-3 activities.

GRC 470. Selected Advanced Topics. 1-4 units
Term Typically Offered: TBD
Prerequisite: GRC 101 and GRC 201 and Graphic Communication majors only.

Directed group study of selected topics for advanced students. Open to undergraduate and graduate students. The Schedule of Classes will list title selected. Total credit limited to 8 units. 1-4 lectures.

GRC 471. Selected Advanced Laboratory. 1-4 units
Term Typically Offered: TBD
Prerequisite: Consent of instructor; Graphic Communication majors only.

Directed group laboratory study of selected topics for advanced students. Open to undergraduate and graduate students. The Schedule of Classes will list title selected. Total credit limited to 8 units. 1 to 4 laboratories.

GRC 485. Cooperative Education Experience. 6 units
CR/NC
Term Typically Offered: F,W,SP,SU
Prerequisite: Sophomore standing and consent of instructor; Graphic Communication majors only.

Part-time work experience in business, industry, government, and other areas of student career interest. Positions are paid and usually require relocation and registration in course for two consecutive quarters. Formal report and evaluation by work supervisor required. Major credit limited to 12 units; total credit limited to 12 units. Credit/No Credit grading only.

GRC 495. Cooperative Education Experience. 12 units
CR/NC
Term Typically Offered: F,W,SP,SU
Prerequisite: Sophomore standing and consent of instructor; Graphic Communication majors only.

Full-time work experience in business, industry, government, and other areas of student career interest. Positions are paid and usually require relocation and registration in course for two consecutive quarters. Formal report and evaluation by work supervisor required. Major credit limited to 12 units; total credit limited to 12 units. Credit/No Credit grading only.

GRC 500. Special Problems in Graphic Communication for Graduate Students. 2 units
Term Typically Offered: TBD
Prerequisite: Graduate standing and consent of instructor.

Investigation, research, studies of problems in the graphic communication industry. Repeated course over four quarters working with University Graphic Systems, the Graphic Communication Institute at Cal Poly, and with individual faculty. Total credit limited to 8 units.

GRC 501. Survey of Functional Printing. 2 units
Term Typically Offered: TBD
Prerequisite: Consent of Printed Electronics and Functional Imaging Graduate Coordinator.

Foundations for emerging functional printing fields including printed electronics, active packaging, and security printing. Emphasis on processes, materials, electrical characterization, sensing, barrier properties, and anti-counterfeiting. Focus on applications including lighting, displays, novel electronics, energy harvesting, energy storage, sensors, scavengers, and brand security. Course offered online only. 2 lectures.
GRC 502. Orientation to Functional Printing. 2 units
Term Typically Offered: TBD
Prerequisite: Consent of Printed Electronics and Functional Imaging Graduate Coordinator.

Orientation and laboratory exploration for printed electronics, active packaging, and security printing. Introduction to curricula, lab activities, research opportunities, and the use of equipment. Active participation in laboratory experiments related to processes and materials. 1 lecture, 1 laboratory.

GRC 510. Materials for Functional Printing. 4 units
Term Typically Offered: TBD
Corequisite: GRC 501.

Study of functional materials including substrates, coatings, and inks. Focus on barrier and heat-stable substrates as well as conductive, semi-conductive, dielectric, transparent conductors, forensic, sensor, and other functional inks and coatings. Emphasis on rheology, morphology, sintering and annealing. Course offered online only. 4 lectures.

GRC 512. Printing and Coating Technologies. 4 units
Term Typically Offered: TBD
Corequisite: GRC 501.

Study of functional printing and coating technologies, including screen printing, flexography, gravure, ink jet, offset, slot die, blade coating and conventional deposition techniques. Course offered online only. 4 lectures.

GRC 514. Optical and Electrical Patterning. 4 units
Term Typically Offered: TBD
Corequisite: GRC 501.

Imaging technologies and processes for security, electronic, and active packaging printing. Focus on creating and evaluating images for applications in product security and electrical fabrication. Course offered online only. 4 lectures.

GRC 520. Functional Printing Product and Business Development. 4 units
Term Typically Offered: TBD
Prerequisite: GRC 501.

Principles of business and product development for electronic and functional applications. Focus on intellectual property rights, capital funding, entrepreneurship, and management of a technology business. Course offered online only. 4 lectures.

GRC 530. Functional Printing Workflows. 4 units
Term Typically Offered: TBD
Prerequisite: GRC 502.

Evaluation of advanced imaging technologies for functional printing applications. Imaging characteristics for ink/substrate combinations, focusing on print process attributes. Compensation for print characteristics. Enabling automated workflow technologies to improve throughput and minimize errors. 2 lectures, 2 laboratories.

GRC 551. Current Trends in Printed Electronics. 4 units
Term Typically Offered: TBD
Corequisite: GRC 502.

Current trends and practices in select printed electronics topics. Open to graduate students. The Schedule of Classes will list topic selected. Total credit limited to 12 units. 3 lectures, 1 laboratory.

GRC 552. Current Trends in Active Packaging. 4 units
Term Typically Offered: TBD
Corequisite: GRC 502.

Current trends and practices in select active packaging topics. Open to graduate students. The Schedule of Classes will list topic selected. Total credit limited to 12 units. 3 lectures, 1 laboratory.

GRC 553. Current Trends in Security and Anti-Counterfeiting. 4 units
Term Typically Offered: TBD
Corequisite: GRC 502.

Current trends and practices in select security and anti-counterfeiting topics. Open to graduate students. The Schedule of Classes will list topic selected. Total credit limited to 12 units. 3 lectures, 1 laboratory.

GRC 554. Current Trends in Printed Electronics. 4 units
Term Typically Offered: TBD
Corequisite: GRC 502.

Current trends and practices in select printed electronics topics. Open to graduate students. The Schedule of Classes will list topic selected. Total credit limited to 12 units. 3 lectures, 1 laboratory.

GRC 555. Cooperate Education Experience. 4-12 units
CR/NC
Term Typically Offered: TBD
Prerequisite: Graduate standing and consent of instructor.

Advanced study analysis and full-time work experience in student's career field; current innovations, practices, and problems in administration, supervision, and organization of business, industry, and government. Must have demonstrated ability to do independent work and research in career field. Total credit limited to 12 units. Credit/No Credit grading only.

GRC 595. Research Project in Printed Electronics and Functional Imaging. 3 units
Term Typically Offered: TBD
Prerequisite: GRC 560.

Comprehensive research project in printed electronics and functional imaging. Communication of the results and findings of scholarly work in written report and by oral presentation.
