

ACCREDITATION

The University is fully accredited by the WASC Senior College and University Commission (WSCUC). WSCUC is a regional accrediting agency that is recognized by the U.S. Department of Education as certifying institutional eligibility for federal funding, including student access to federal financial aid. WSCUC may be contacted at:

WASC Senior College and University Commission
985 Atlantic Avenue, Suite 100
Alameda, California 94501
Phone: 510.748.9001

During the process of reaffirming its accreditation, Cal Poly completes a self-study and then undergoes a review by a WSCUC team representing institutional peers. After last completing this process in Spring 2012, Cal Poly received a full ten-year extension of its accreditation, i.e., until 2022. The university is currently engaged in another self-study in anticipation of a site visit in April 2022. More information about this process may be found at wasc.calpoly.edu (<https://wasc.calpoly.edu/>).

Notice to Students RE: Professional Licensure and Certification

California State University programs for professions that require licensure or certification are intended to prepare the student for California licensure and certification requirements. Admission into programs for professions that require licensure and certification does not guarantee that students will obtain a license or certificate. Licensure and certification requirements are set by agencies that are not controlled by or affiliated with the California State University and licensure and certification requirements can change at any time.

The California State University has not determined whether its programs meet other states' educational or professional requirements for licensure and certification. Students planning to pursue licensure or certification in other states are responsible for determining whether, if they complete a California State University program, they will meet their state's requirements for licensure or certification. This disclosure is made pursuant to 34 CFR §668.43(a)(5)(v)(C).

Program Accreditation. The School of Education offers teaching and service credentials which are fully accredited by the California Commission on Teacher Credentialing (CCTC). The credentials are described in catalog sections Teaching Credential Programs (<http://catalog.calpoly.edu/collegesandprograms/collegeofsciencemathematics/schoolofeducation/#teachingcredentialprogramstext>) and Graduate Programs (<http://catalog.calpoly.edu/collegesandprograms/collegeofsciencemathematics/schoolofeducation/#graduatestext>) in the School of Education (<http://catalog.calpoly.edu/collegesandprograms/collegeofsciencemathematics/schoolofeducation/>) section of this Catalog.
