

# BS CHILD DEVELOPMENT

## Program Learning Objectives

1. Students completing core courses should demonstrate breadth of knowledge in developmental science and application of research and theory to “real-world” problems relevant to children, youth, and families.
2. Students should be able to understand scientific principles, think critically, and interpret, design, and conduct developmental science research.
3. Students will develop intrapersonal knowledge and interpersonal skills to contribute to building a society responsive to multicultural and global concerns.
4. Students should demonstrate competence in writing and in oral and interpersonal communication skills.
5. Students will develop skills and experience to enable them to succeed personally and professionally.

## Degree Requirements and Curriculum

In addition to the program requirements listed on this page, students must also satisfy requirements outlined in more detail in the Minimum Requirements for Graduation (<https://catalog.calpoly.edu/generalrequirementsbachelorsdegree/#generaleducationtext>) section of this catalog, including:
