

CAL POLY INTERNATIONAL CENTER

Cari Vanderkar, Assistant Vice Provost for International Programs

Bldg (52), Room E-32

Phone: 805.756.1477

international@calpoly.edu (<http://www.international.calpoly.edu>)

<https://international.calpoly.edu/>

The primary mission of the Cal Poly International Center is to provide leadership and coordination for international activities and programs and to serve as a catalyst for internationalization efforts at Cal Poly. The IC maintains administrative authority and university-wide oversight of international engagement and initiatives supported by the campus. We are committed to providing equity and access to services and programs for the populations we serve, including for students studying abroad and international students and scholars at Cal Poly. We provide support to campus efforts in internationalizing the curriculum and in creating global partnerships.

Cal Poly's vision for internationalization is to provide foundational experiential learning, teaching, service and scholarship opportunities at home and abroad that will best equip graduates and the campus community at large to solve complex global challenges sustainably, ethically and inclusively. Learn by Doing in a global context drives students, faculty and staff to critically evaluate themselves, their own cultures and cultural identities, their values and place in the world. It promotes growth in character, ability to handle ambiguity, reflexive and relative thinking, and ultimately, greater personal fulfillment. It fuels informed global systems thinkers and doers, and activates Cal Poly students to be positive forces in the world.

International Students and Scholars

intl@calpoly.edu

<https://intladvicing.calpoly.edu/>

The International Students and Scholars unit of the International Center provides services and programs aimed at meeting the unique needs of international students and scholars throughout their academic careers at Cal Poly. International Center staff provide immigration advising and visa documents, pre-arrival information, orientation programs and cross-cultural programming for all international students, which include degree-seeking students and non-degree students (those attending Cal Poly through our Cal Poly International Exchange Programs (<https://intladvicing.calpoly.edu/students/prospective/exchange.html>), CSU International Programs (<https://csuip.calstate.edu/?FuseAction=Abroad.Home>), and the VISIT Cal Poly Program (<https://visit.calpoly.edu/>)).

Programming offered by the International Students and Scholars unit includes the International Welcome Ambassador Program (<https://intladvicing.calpoly.edu/students/programs/ambassadors-program.html>) which pairs incoming international students with continuing Cal Poly students to share their cultures and to develop friendships. International Welcome Ambassadors also provide a support system to assist new international students with adjusting to Cal Poly and the "SLO Life." The Poly Hosts Program (pairing Cal Poly employees with international students) and the English Conversation Program are some of the other programs provided by the International Students and Scholars unit

to assist students with cultural adjustment and connecting with the community.

The International Students and Scholars unit is also the first point of contact for campus community members who want to invite visiting scholars (<https://intladvicing.calpoly.edu/scholars/>) such as faculty, staff, and researchers from abroad to come to Cal Poly to help foster collaboration, joint research, and cross-cultural exchange.

Study Abroad Programs

studyabroad@calpoly.edu

<https://abroad.calpoly.edu/>

<https://studyabroad.calpoly.edu/>

Students interested in studying abroad should begin by visiting the Cal Poly Abroad (<https://abroad.calpoly.edu/>) website, registering for and participating in a Study Abroad 101 Workshop, and planning ahead to meet their academic, financial and personal goals. Peer Advisors and Study Abroad Advisors are available to provide guidance. Please check Cal Poly Abroad (<https://abroad.calpoly.edu/>) for drop-in advising hours, appointment hours, workshop and info sessions, and study abroad planning resources.

Study Abroad and Exchange Eligibility Requirements

Students must be in good academic and disciplinary standing at Cal Poly to be eligible to participate in study abroad or exchange programs. In addition, students must meet the eligibility requirements of their chosen programs. Academic eligibility standards vary by program, and most require a minimum 2.5 GPA and at least one letter of recommendation. Participants may not study abroad during their first quarter at Cal Poly. Students who are on Academic Probation at the time of application, or the term prior to studying abroad, are ineligible to participate. Students must be off Disciplinary Probation by the time of their programs start abroad and have completed other sanctions by the time of application to the programs abroad. Students are strongly encouraged to seek pre-approval for courses prior to departing for their terms abroad. If a program is located in a country where there is a U.S. Department of State Travel Advisory of Levels 3 or 4, Cal Poly may not provide the approval to participate in the program or pre-approve the transfer of credits.

Cal Poly Global Programs

Cal Poly Global Programs (https://abroad.calpoly.edu/?FuseAction=Abroad.ViewLink&Parent_ID=0&Link_ID=6A691DA6-5056-BA1F-742FCC16AEA0004D) are study abroad programs that offer

students opportunities to study with Cal Poly faculty in multiple locations worldwide. Ranging from one week to a full term in length, these programs present a highly flexible model responding to specific curricular goals. Planned with a focus on general education courses and/or courses applicable to one or more Cal Poly major(s) or minor(s), Cal Poly Global Programs may be open to students in all majors or to students in targeted fields of study only. Check our website for the current program offerings.

Cal Poly International Exchange Programs

Cal Poly colleges have exchange agreements with a variety of universities around the world. Through these exchanges, students have an opportunity for cost effective, easily arranged study abroad experiences within their own academic disciplines. Students who qualify for one of these exchanges pay Cal Poly tuition fees and applicable fees. Students can spend up to one academic year at overseas universities as regularly enrolled students. For further information about international exchange

programs, students should check with the Cal Poly Abroad (<https://abroad.calpoly.edu/>) website.

California State University International Programs

California State University (CSU) International Programs (<https://csuip.calstate.edu/?FuseAction=Abroad.Home>) are CSU systemwide programs that allow participants to earn resident academic credit at their home CSU campuses while they pursue full-time study at host universities or study centers abroad for a semester or academic year. The CSU International Programs suite of options serves the needs of students in over 100 designated academic majors. Affiliated with more than 50 recognized universities and institutions of higher education in 18 countries, CSU International Programs also offers a wide selection of study abroad destinations and learning environments.

Cal Poly Partner Programs

Cal Poly has formal partnership relationships with several non-profit and/or consortium program providers that allow Cal Poly students to study as guests of affiliated universities or at specialized study centers. Each partner provider offers thematic study options at a variety of locations throughout the world. For further information about partner programs, students should check with the Cal Poly Abroad (<https://abroad.calpoly.edu/>) website, visit partner websites, or schedule appointments with an advisor in the International Center.

National Student Exchange (NSE) Consortium

Undergraduate students are able to spend up to one calendar year at another NSE member college or university in the U.S., Canada, or the U.S. Territories (of Puerto Rico, Guam, and U.S. Virgin Islands). Since its founding in 1968, more than 118,000 students from all majors nationwide have had the opportunity to study away through the National Student Exchange (NSE). Because students have the option to pay in-state tuition and can use applicable financial aid funding, it can be an affordable study away program option.

International Travel

polytravel@calpoly.edu (Individual faculty and staff travel requests)
<https://abroad.calpoly.edu/> (International Travel for students & groups)

All faculty, staff, and students traveling outside of the U.S. on university business are required to obtain approval and will be enrolled in the foreign travel insurance program (FTIP) through Cal Poly. All documentation must be submitted by the stated deadlines prior to travel and approvals received before travel expenses are incurred. Travel abroad may include activities such as attending or presenting at conferences, participating in tours, conducting funded research, student internships, club activities, or taking students on non-credit international field trips. Please check to see if your destination is deemed high hazard. In general, independent student travel to countries listed as high hazard will not be approved unless the student is accompanied by a Cal Poly faculty or staff member. Students must remain in good academic and disciplinary standing to participate. For deadlines and information on how to complete a travel packet, faculty and staff traveling without students are to go to University Travel - Cal Poly (<https://afd.calpoly.edu/travel/>). Students and faculty and staff traveling with students are to go to International Center - Cal Poly Abroad (<https://abroad.calpoly.edu/>) and select *International Travel*. Please note, researching or applying for a Study Abroad program is a separate process under *Study Abroad*.
