

TRANSFER CENTER

<https://transfercenter.calpoly.edu/>

The Cal Poly Transfer Center is committed to serving the particular needs of our diverse transfer student population while advancing institutional support for transfer students. Resources, community, and advocacy are the three main goals of the Transfer Center. The Transfer Center offers support and tools to assist students in achieving their desired personal, community, academic, and professional goals as they progress through their educational journey. The Transfer Center is a resource for all current transfer students as they navigate the academic and cultural landscapes of transitioning to and graduating from Cal Poly.
