- ¹ Only students in the Applied Mathematics concentration who are pursuing a Data Science minor should select Track B.
- ² Students who select Track B should select Approved Electives from the Statistics Category that will fulfill prerequisites for courses in the Data Science minor.
- ³ DATA 401 and DATA 403 must be taken concurrently with DATA 402.
- ⁴ Consultation with advisor is recommended prior to selecting Approved Electives; bear in mind your selections may impact pursuit of post-baccalaureate studies and/or goals.
- ⁵ Other choices are also possible, and should be pre-approved in consultation with an academic advisor. Approved Electives are to be taken outside of the Mathematics department and should have significant applications to mathematics.
